## TECH STACK

PHP • Laravel • React • Next.js • REST API • MySQL • PostgreSQL • AWS • DigitalOcean • GitHub Actions • Stripe • Razorpay • Linux • CI/CD • Shopify • WordPress

## EXPERIENCE

### Senior Web Developer — iStudio Technologies (Mar 2019 – May 2026)

- Lead development of large-scale Laravel & React applications.
- Built scalable REST APIs for mobile and web.
- Integrated payment gateways: CCAvenue, Billdesk, Ingenico, Stripe, Razorpay.
- Performed AWS & DigitalOcean deployments.
- Implemented CI/CD pipelines with GitHub Actions.
- Integrated APIs: Exotel, WebRTC, Facebook Graph API, Shipyaari.
- Participated in Agile/Scrum workflows including sprint planning, daily scrum calls, and project tracking using Trello.
- Coordinated with teams to manage sprint tasks and delivery timelines.
- Worked on basic Shopify app integrations using Laravel APIs.

## **Web Developer — Brave Technologies (Feb 2017 – Feb 2019)**

- Built responsive frontend interfaces and optimized web applications.
- Ensured cross-browser compatibility and coding standards.
- Gathered and analyzed client requirements.

## **Previous Roles (2013–2016)**

**ENA Game Studio | SJCET Thanjavur | AKAS Medical**

- Website development, maintenance, UI updates, and performance improvements.

## **LEADERSHIP**

- Collaborated with cross-functional teams and mentored junior developers to ensure code quality, timely delivery, and development best practices.

## **PROJECT HIGHLIGHTS**

**StackPlanner** — SaaS PMS Platform

Tech: Laravel 11, Stripe

<https://www.stackplanner.io>
